WHERE ART MEETS LIFE

## ArtScape in Old Town Winchester

ArtScape was created in 2009 for the purpose of providing a free and accessible outdoor gallery experience in the cultural hub of the community.

The colorful banners add interest to the downtown streetscape, showcase local art, provide a unique advertising opportunity for local businesses and a reason to slow down and take in the scenery.

ArtScape is a public art program open to artists of all ages that represents all walks of life and levels of talent; a group of work with that creates a shared experience of art by an entire community.
